Grade 4 or above in English & maths GCSEs	48%	50%	77%	58%

- Progress and attainment scores for Pupil Premium students have maintained in the positive. The progress 8 score is -0.08 lower than the previous year. These results are based on Centre Assessed Grades and are not directly comparable to previous years. Academy other students have also made positive progress this year at +0.77 which has widened the difference from last year where disadvantaged pupils made more progress.
- Attainment in English is down from the high of last year for disadvantaged students. Academy other students have outperformed the national other but again these results are based on CAG and cannot be used as a direct comparison. In mathematics, there has been a drop in attainment for the disadvantaged students.
- Attainment for PP attaining a grade 5 or above in English and maths is below the non-PP cohort. There is a -10% difference at grade 5 or above and a -20% difference at grade 4 and above in both.
- Progress remains positive for disadvantaged students but it is not in line this year with the accelerated progress demonstrated by the academy 'other' students.
