Accessibility Plan Regulatory Requirements

Schools and academies are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- **Increase the extent to which disabled pupils can participate in the curriculum.** This covers teaching and learning and the wider curriculum including participation in after-school clubs, leisure and cultural activities and academy visits.
- **Improve the physical environment of the school** to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- **Improve the delivery of written information to disabled pupils.** This will include planning to make the written information normally provided to pupils by the academy available to disabled pupils.

Definitions

Disability is defined in the Equality Act 2010 as: “A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on their ability to carry out normal day to day activities.”

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), ‘long-term’ is defined as ‘a year or more’ and ‘substantial’ is defined as ‘more than minor or trivial’. The definition includes dyslexia, autism, speech and language impairments, ADHD, sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools and academies are required to make ‘reasonable adjustments’ for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.

Aims

We aim to ensure that all pupils, regardless of disabilities or learning needs, have equal access to the academy. We strive to ensure that every pupil can take part in the whole school curriculum. We are committed to an inclusive curriculum and increasing access to the academy’s facilities for all. To achieve this the following will be put in place:

- Periodic completion of accessibility audits using the template in Appendix 2
- An accessibility plan will be written in response to the audit using the template in Appendix 1
- Sufficient time and resources will be assigned to implement the plan
- The accessibility plan will be subject to ongoing monitoring and review and will be fully reviewed every three years

Publication

The accessibility plan will be made available online on the academy website, and paper copies are available upon request.
